WORK SESSION

Discussion Item: Boxelder B-dams

Item Description: Update the BCC on efforts to address regulatory changes and potential operations and maintenance requirements applicable to the flood control dams constructed in the Boxelder basin by the Natural Resources Conservation Service (formerly Soil Conservation Service) in the late-1970's and early 1980's. These are referenced as the Boxelder B-dams for their designations by the NRCS – B-2 dam on Boxelder Creek, B-3 on Coal Creek, B-4 on Indian Creek. Work is being conducted under an intergovernmental agreement between Larimer County, Fort Collins, Timnath, Wellington and the North Poudre Irrigation Company.
